

## DESKTOP DIRECTIONS

Click on the TEST button on the menu and choose Computer Test

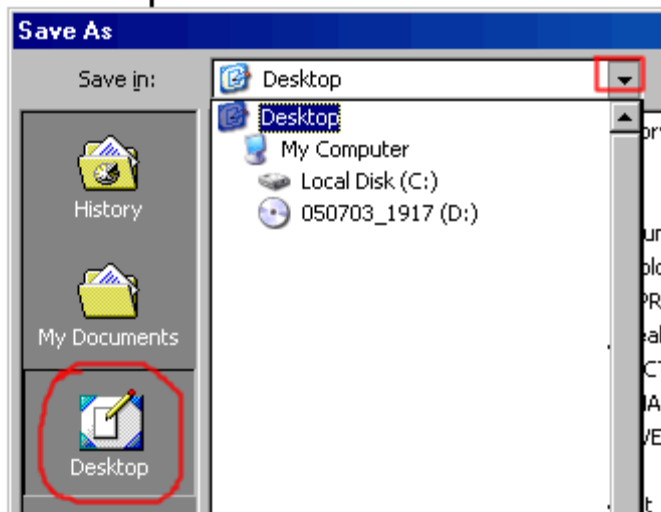

As long as you have Microsoft Excel (or the viewer) installed on your computer, Excel will open along with the test.

Click on FILE > SAVE AS

If your computer is running Windows 2000 or XP you will have a Desktop icon on the left of the window. However, if you have Windows 95 or 98 you can click on the drop down arrow and choose desktop:

Click SAVE. The following file will be saved to your desktop = Course1Test.xls
